

## **CREST RECYCLING POLICY**

**All paper and cardboard products must be in a blue wheeled cart or box secured from wind. All other recycles must be in blue bins. Please number your blue bins and recycle carts to avoid confusion.**

### Paper products

All newspapers, mixed paper and cardboard must be placed in a secured box or wheeled cart with a lid, available through Montgomery County. (See below). **Do not use plastic bags.** All styrofoam and pizza boxes go in the trash.

### Other recyclables

All other recyclables, including bottles, cans and plastic containers with numbers 1-7 (excluding 6), must be placed securely in bins so that they do not blow away. Do not fill the bin to the brim and do not place excess items in a neighbor's bin. We recommend that plastic bottles and clamshell containers be flattened so that they do not become airborne on windy days. **Do not place your recycling in paper or plastic bags.**

Recycle materials may be placed outside only after 5:00 pm the day before collection and should be retrieved as soon as possible after collection.

Recycled materials not in compliance with these instructions will not be collected.

Units 10900, 10901, 10902, 10904, 10906 and 10908 should place recycles at their parking spaces, no more than 10 feet from the curb. Units on the upper south parking level should place recycles in the regular, hatched area, neatly, or, for the units whose patios are along Rockville Pike, in the collection area in the east parking lot if that is more convenient.

Please remember: Paper and plastic should not be mixed.

Call 311 for additional carts and bins.
